## WIND RAIN AND SNOW.

**Destructive Tornado Goes Tearing Through Tennessee.**

**HEAVY SNOW STORMS IN THE WEST.**

**Many Lives and Much Property Destroyed by the Southern Cyclone. Traffic in Western States Delayed by November Blizzards.**

Nashville, Tenn., Nov. 21.—The tornado which swept through Tennessee was the most destructive in many years. Two lives are reported lost and much damage done at Lavergne, 16 miles from Nashville. At West Harpeth and Thompson Station a number of houses were blown down and a child was killed at Thompson Station. A number of persons are reported to have been killed in Maury county. In the vicinity of Nolensville, Williamson county, two women were killed and several persons were seriously injured. James Christman's house was blown away and his baby is missing.

The storm which did the damage was but a branch of a general disturbance which has been moving in a northeasterly direction from eastern Texas and which is central over the great lakes. The general storm which is reported to have gathered some energy is, however, of little severity and will probably pass away to the ocean through the St. Lawrence valley.

In Nashville the rainfall for the past 24 hours was 6.02 inches, an abnormally large precipitation. Memphis reports 2.48 inches. The telegraph companies are badly handicapped in all directions by reason of the storm.

The storm started a few miles south of Tunica, Miss., and paralleled the Illinois Central road for some distance and then took a northeasterly direction, striking LeGrange, Tenn., and points in middle Tennessee. The known casualties in Mississippi are four negroes killed near Lula; five negroes killed near Tunica and one white man and one negro killed near Hernando, Miss. Hundreds of farm buildings chiefly cabins occupied by negroes were destroyed, together with a number of school houses and churches. The damage to the cotton crop cannot as yet be estimated, but it must be very heavy.

The killed in Columbia, Tenn., number 15 whites and 22 colored. The track of the storm was through Macedonia, a negro suburb. At La Grange, Tenn., two were killed outright, one fatally and a dozen or more slightly injured, and many houses were destroyed. In Williamson county, near Franklin, Boxley's storehouse was destroyed and three negroes were killed.

### Damage at Memphis.

Memphis, Nov. 21.—Lumber firms whose mills are located on Wolf river, the north boundary of the city, suffered damage estimated at nearly \$500,000 by the overflowing of that stream. The sudden rise resulted from a heavy rainfall throughout this section, which at Memphis reached 2.84 inches. The losses are chiefly in the great number of timber rafts, moored in Wolf river which broke loose and were carried out into the Mississippi river. A vast number of logs are scattered for miles down the river. A large force of men is engaged in attempting to recover the timber, but a large proportion of it will be lost. The principal losses are: E. T. Bennett & Co., about \$200,000; Anderson Tully company, \$150,000. Other firms escaped serious loss. Four negroes were killed and hundreds of cabins on plantations demolished near Lula, Miss. Five miles north of Tunica, a cabin in which five negroes were assembled was wrecked and all of them killed. A school house, a church and a number of plantation houses in the same locality were demolished. A white man and a negro were killed six miles south of Hernando, Miss., many plantation houses, a cotton gin and church were destroyed.

### Track of the Tornado.

Columbia, Tenn., Nov. 21.—A terrific tornado, moving in a westerly and northwesterly direction, struck this place and left havoc in its path. The northern and western sections of the city, which are populated principally by negroes, were almost entirely swept away. Fifteen persons are known to have been killed. The tornado lasted about five minutes and its path extended about 1,000 feet wide. Many houses, including a large number of negro cabins were blown down and many others unroofed and otherwise damaged. The fencing surrounding the United States arsenal was blown away, but the building remains intact.

### Snow in Colorado.

Denver, Nov. 21.—A heavy snowstorm accompanied by a high wind has been in progress on the western slope

in Colorado for three days. Warm weather melted the snow very fast and slides have occurred doing considerable damage. Railroad traffic is being interrupted and work in the mines in certain sections has stopped because of inability to transport supplies. North of Glenwood Springs very cold weather is reported which is gradually extending southward. Light falls of snow are reported from several places on the eastern side of the range.

### Severe Snow Storm.

San Francisco, Nov. 21.—A severe snow storm prevails over northern California, but no serious damage has been reported, though telegraphic communications with some points have been interrupted. The Southern Pacific company has ordered out its snow plows on the Central Pacific line. This is the first time in 10 years that a November storm has made such an order necessary. Snow is falling from Colfax to Reno and at the Summit it is seven feet deep and still falling heavily.

### Colorado Blizzard.

Denver, Nov. 21.—While Denver is basking in warm sunshine, some portions of Colorado are experiencing the worst storm of the year. At Colorado Springs and Pueblo a heavy gale is blowing. Many wires are down. Below Pueblo some houses have been unroofed. Between Alamosa and Durango the Denver and Rio Grande railroad is blocked by drifting snow. In the southern portion of San Luis valley the snowfall has been very heavy.

### Blowing at Buffalo.

Buffalo, Nov. 2.—The wind has been blowing at the rate of 65 miles an hour since noon. At the Pan-American grounds the building for the cyclorama of Missionary Ridge was blown down and another midway building was badly damaged. Scaffolding was torn from some of the buildings and sections of roofs were torn off. Several workmen are reported injured. There is a tremendous sea breaking over the breakwater, but no vessels are in sight.

### Lake Schooner Foundered.

Lorain, O., Nov. 21.—The schooner St. Lawrence, bound from Kelley's Island to Cleveland, with a cargo of limestone went ashore near here during a heavy gale. The vessel lies about 400 feet from the beach on a sandy bottom. The crew is still aboard the boat. A tremendous sea is running. The Cleveland life saving crew was ordered to the rescue.

### Gale on the Lakes.

Cleveland, Nov. 2.—A heavy westerly gale, which at this city reached a velocity of 60 miles an hour sweep over northern Ohio Wednesday, prostrating telephone and telegraph wires in all directions. In this city the wind played havoc with chimneys, trees and plate glass windows. The temperature is falling rapidly.

### Down in Alabama.

Huntsville, Ala., Nov. 21.—A severe windstorm passed over this section causing much damage. Twenty new unoccupied houses were blown away at Dallas, a suburb of Huntsville. So far as has been heard no one was injured.

### Sudden Wealth.

Comes to an Ohio Farmer Through Death of a Brother.

Geneva, O., Nov. 21.—When A. H. McGregor, a farmer of limited means, came to town to sell farm produce, he learned that he was made a millionaire by the will of his brother, A. R. McGregor of Cleveland. The farm upon which he is living had been given to him by his brother, but the humble farmer had little knowledge of the purposes of his wealthy brother and was entirely surprised by the terms of the will.

### Professional Divorce Witness.

New York, Nov. 21.—Frank Wilson, who was arrested with a lawyer named Zeimer and others, in connection with the "divorce mill" conspiracy recently pleaded guilty before Recorder Goff to four indictments for perjury, found against him in these cases. Wilson admitted that he had served four terms of two years each in prison for counterfeiting. Mr. Pentecost, who represented Wilson, said he would aid the state in the prosecution of the others. Recorder Goff remanded Wilson a week for sentence.

### Duke and Bride Welcomed.

Belfast, Nov. 21.—When the Duke and Duchess of Manchester arrived at Tanderagee Castle, Armagh, they were received with great rejoicings. Bonfires blazed and illuminations were general. The crowds cheered as the couple drove through the town and the duke thanked his tenants for their reception of his bride. The duke and duchess will go to India and Japan from the United States.

### Czar's Condition.

Livadia, Nov. 21.—The bulletin issued Wednesday by the czar's physicians says his majesty's general condition is satisfactory.

## WAITING FOR KRUGER.

**Crowds at Marseilles to Greet the Transvaal Patriot.**

**WERE DOOMED TO DISAPPOINTMENT.**

**Gerderland Delayed by Broken Machinery and Did Not Reach Port Till Night—Oom Paul Will Land Thursday.**

Marseilles, Nov. 21.—The Gelderland signalled Cape Cepot, off Toulon at 2 p. m. and continued her voyage to this port. She reported that she was delayed by a slight accident to her machinery. The Gelderland did not arrive here until night and Paul Kruger, president of the Transvaal, will not land until Thursday.

In spite of the heavy rain which prevailed all night and during the forenoon the streets of Marseilles were filled from an early hour by great crowds of people intent on extending a welcome to Paul Kruger, president of the late South African republic. At 11:30 a. m., the steamer Gelderland, carrying the noted voyager, not having been sighted, the committee having the details of the reception in charge, announced an adjournment until 2 o'clock p. m.

Early in the day, Dr. Leyds and Messrs. Fischer and Wessels and the other Boer delegates boarded the launch of the captain of the port with the purpose of meeting and boarding the Gelderland outside the harbor. The sea proved too rough, however, and they were obliged to return.

The scene at the dock was very picturesque. Every coil of vantage was occupied by sight seers. The landing stage was gaily decorated with the Transvaal and Free State colors, the French tri-color and shields bearing the blue cross of the arms of Marseilles. A red carpet covered the ground, forming a bright splash of color at the quayside. Decorations elsewhere in the city were practically non-existent, only a few flags being visible along the route which Mr. Kruger will traverse in going from the quay to the hotel. Senator Paulist and other members of the Paris and Marseilles reception committee assembled at the landing stage during the forenoon and behind them drawn up in a long line were delegations of various patriotic societies with embroidered silk standards. Numbers of small boats were fitted about the inner harbor filled with spectators. Some of the boats were decorated with little Boer and French flags but none of the steamers at the dock was dressed with bunting.

Rain, which had ceased for a time, began falling at 11:30, whereupon, in view of the fact that the Gelderland would not arrive until late the committee dispersed until 2 o'clock, the delegations from the societies furling their standards and marched off and the crowds elsewhere in the town rapidly dissolved.

### Towed to Port.

Southampton, Nov. 21.—The Red Star steamer Friesland, Captain Nickels, which sailed from New York, Nov. 7 for this port and Antwerp, was towed to port. The Friesland's rudder was disabled and she was taken in tow by the Cluden in the vicinity of the Scilly islands, Monday. The accident occurred the afternoon of Nov. 15. The weather was stormy and she lay in the trough of the sea, helpless, several hours, until the Cluden took her in tow and brought her to within a few miles of the Needles, where she was taken in hand by two Southampton tugs. As the Cluden steamed off her great services were recognized by loud cheers from the passengers, among whom were Congressman Irving P. Wanger of Norriston, Pa., and ex-Speaker Thomas B. Reel.

### Organizing the Lobby.

St. Louis, Nov. 21.—The executive committee appointed at the meeting of the National Associations of Industrial and Commercial Organizations for the purpose of securing the passage of the Cullom bill amending the interstate commerce law, has organized by electing E. P. Bacon of Milwaukee as chairman. C. H. Seybold of St. Louis was made vice chairman; R. S. Lyons of Chicago treasurer and Frank Barry of Milwaukee secretary and manager of the work at Washington. The committee decided to raise a fund of \$5,000 to meet the expenses of the convention here and the lobbying committee at Washington.

Cronberg, Hesse-Nassau, Nov. 21.—Emperor William lunched with the Empress Frederick Wednesday on the occasion of her birthday. His majesty toasted the empress in the presence of six reigning princes and princesses.

## BECKHAM MARRIED.

**Governor of Kentucky Takes Unto Himself a Wife.**

Owensboro, Ky., Nov. 21.—Wednesday night for the first time in Kentucky a governor in office was married. John Crepps Wickliffe Beckham and Jean Raphael Fuqua were the contracting parties. The governor's staff and all the state officers from Frankfort, including judges of the court of appeals and members of the different state boards assembled in Louisville and arrived here on a special train. There were distinguished people in attendance from all parts of the state. The acceptances of invitations made it necessary to have the ceremony in the First Presbyterian church. There were many guests from Virginia, the old home of the Fuqua family. The visiting guests numbered over 500.

The groomsmen were Robert Wickliffe of New Orleans, Edward Crawford of Bardonia and Weir Griffith, Marie Stewart and Hamilton Fuqua of this city. The maid of honor was Miss Meme Smith of this city and the bridesmaids were Miss Louise Watkins, Miss D. Todd and Miss Olivia Stewart of this city, Miss Miriam Reynolds of Rome, Ga., Miss Julia Kniskern of Chicago and Miss Olive Logan of Shelbyville. The governor and his bride left at midnight for Chicago, and thence westward, and will arrive in Frankfort Dec. 1. After Governor Beckham's inauguration, Dec. 11, they will visit Florida.

## WILL RECRUIT REGULARS.

**Volunteers to Be Mustered Out or May Re-enlist.**

Washington, Nov. 2.—Adjutant General Corbin authorizes the statement that it is the intention of the war department to bring home from the Philippines to the United States every one of the volunteers who care to come, and discharge them here, on or before July 1, when, under the law, the volunteers must be mustered out. It is the expectation and hope of the war department that the coming congress will at an early period enact legislation which will enable the department to replace the volunteer force by a permanent force of soldiers. In that case, such of the men in the ranks as care to continue in the service will be re-enlisted as regulars and any vacancies that may exist through the muster out of the volunteers will be supplied by original enlistments in the United States. It is believed these enlistments can be made in time to replace all the retired Philippine volunteers before the first of the next fiscal year, without causing an hiatus.

## Warrant For Brown.

Cincinnati, Nov. 21.—A warrant has been issued by United States Commissioner Leonard for the arrest of Frank M. Brown, late assistant cashier of the German national bank of Newport. This may have the effect of soon bringing reliable intelligence of the whereabouts of Brown in place of the conflicting rumors current. One rumor places him at Windsor, Canada, while another has it that the directors of the bank were in communication with him in this city as late as Friday night. Passbooks of depositors have been brought in very rapidly.

## Probably a Fake.

London, Nov. 21.—The reported death of General Schalk-Burger, acting president of the Transvaal since Mr. Kruger's departure from that country is discredited here. There is a mere rumor that he died at Johannesburg Nov. 9, but the report lacks confirmation. Dispatches from Johannesburg do not mention the death of General Schalk-Burger.

## War Tax Reduction.

Washington, Nov. 21.—The Republican members of the ways and means committee have decided to make a reduction of \$30,000,000 in the revenue of the nation, the amount suggested by Secretary Gage. The day was spent almost entirely in going over the war revenue bill. The schedules on which the reductions shall be made have not been decided upon.

## Want Junta Suppressed.

London, Nov. 21.—United States Ambassador Choate has made representations to the British foreign office on the subject of the Filipino junta at Hongkong. The foreign office is investigating the matter and will reply as soon as the reports of the authorities at Hongkong are received.

## Prince Tuan Degraded.

Berlin, Nov. 21.—A special dispatch from Peking says Prince Tuan has been arrested and stripped of power by order of the emperor and empress dowager, but that fears are felt of General Tung Fuh Shan, who with 16,000 regulars is in Hu-Jang Pu.

London, Nov. 21.—Sir Thomas Lipton has been gazetted honorary colonel of the Second volunteer battalion of the Highland Light Infantry.

## GREEN EYED MONSTER

**Jessi Morrison on Trial For Killing Her Successful Rival.**

**ROMANTIC TRAGEDY IN REAL LIFE.**

**Miss Morrison and Olin Castle Clerked in the Same Store—Before Castle's Honeymoon Ended she Cut Mrs. Castle's Throat With a Razor.**

Eldorado, Kan., Nov. 21.—The case of Miss Jessie Morrison, charged with killing Mrs. G. Olin Castle last June by cutting her throat, was called for trial Wednesday. Miss Morrison and Castle were clerks in a store. Castle married Miss Mary Wiley and one afternoon after the wedding, neighbors were startled by screams from the Castle home. Rushing in they found Mrs. Castle with her throat gashed and Miss Morrison standing over her with a bloody razor in her hand. Mrs. Castle died 18 days later. Miss Morrison was arrested on the charge of murder and the prosecution will contend she killed Mrs. Castle through jealousy.

When Judge Shinn announced the case, the court room was crowded with spectators. Among them were a dozen clerks from the store where Castle and Miss Morrison had worked, Judge Morrison, the aged father of the prisoner, and Castle. A few minutes later Miss Morrison, slender and frail looking, was escorted to a seat beside the judge's desk. The prisoner sat quietly through the proceedings. Her five months' incarceration in the county jail had plainly told on her physical appearance.

Difficulty in securing a jury is expected and it is not believed the taking of evidence will begin before the latter part of the week.

## Want Reliable Crop Reports.

Indianapolis, Nov. 21.—The Grain Dealers' National association held its second session Wednesday. H. S. Grimes of Portsmouth, O., presented the subject "Reliable Government Crop Reports." He said that the present system of government reports is inadequate and unsatisfactory and outlined a plan of collecting statistics. The discussion of the paper brought out a statement by John Ross of Lafayette, that more grain dealers have been ruined by government reports than by all other influences; that the reports were misleading and were manipulated by capitalists. B. F. Lockwood of Des Moines, Ia., was re-elected president; T. B. Baxter, of Taylorville, Ills., first vice president; H. S. Grimes, Portsmouth, O., second vice president; Charles S. Clark, Chicago, secretary and treasurer. Des Moines was chosen as the meeting place for the convention next year.

## Wilson Talked to Grangers.

Washington, Nov. 21.—The session of the National Grange Patrons of Husbandry Wednesday was occupied by an address by Secretary of Agriculture Wilson on the work the department is doing for agricultural interests. He paid tribute to the influence and importance of the granges to the farmers everywhere, reviewing the operations of the various branches of the agricultural department, and particularly the efforts being made to secure wider markets abroad for products of American husbandry.

## Delagoa Award Paid.

London, Nov. 21.—The Delagoa Bay railway award was paid Wednesday. The Americans received their share through the Seligmans. The Delagoa Bay railroad award of \$3,062,800 with interest at 5 per cent from June 25, 1889 is the result of the seizure of the Delagoa Bay railway by Portugal. The only Americans interested are the heirs of Colonel McMurdo, who with a number of English capitalists, built the road and ran it until seized by the Portuguese officials.

## Crushed by Runaway Cars.

Birmingham, Ala., Nov. 21.—A string of empty cars broke loose and ran away in the sloss ore mines near Bessemer. Nape Thompson, the superintendent, Charles Kelly and Andrew Hart, were struck by two cars which jumped the track and crushed them to death.

## Took Morphine Pills.

St. Louis, Nov. 21.—W. F. Feagle of Fort Smith, Ark., an expert in cotton and former member of the Arkansas legislature, was found dead in a hotel room in East St. Louis. A box of morphine pills and an empty laudanum bottle would indicate suicide.

## Budford at Gibraltar.

BERRY HOWARD makes affidavit that he never uttered the words recently attributed to him about assassinating Governor Beckham. Berry has enough to answer for already.

MAKE a holiday offering for the destitute children of the State. The Kentucky Children's Home Society has small banks on the counter at J. James Wood & Son's drugstore, Ray's drugstore and at the First National Bank. Any offering from a penny up will be thankfully received, and forwarded to the society. This society has found happy homes for many destitute children, several from this city and county, and is doing a noble work.

IN the Ninth district also the boldest frauds were rife. In Greenup County one precinct that gave Pugh a majority of 180 was thrown out by the County Commissioners because the election officers had failed to sign the certificate on the back of the stub book, though the returns were made in regular form in other respects, while in Elizaville precinct, in Fleming County, which gave Kehoe, the Democratic Congressional candidate, a majority of 71, with exactly the same defect, was counted.

The above is taken from an interview at Washington City with Combs, Chairman of the Republican State Committee. His utterances are a vile slander upon the district. Not a precinct was thrown out in this district. Instead of frauds, all agree that the election was one of the fairest ever held anywhere.

## CALLED TRUSTS BANDITS.

Bishop Lawrence Talked From the Shoulder to Millionaires at New York Chamber of Commerce Banquet.

NEW YORK, Nov. 21.—Rev. William Lawrence, Bishop of Massachusetts, started 400 of the world's richest men in a speech at the Chamber of Commerce annual banquet at Delmonico's last night. When the Bishop referred to trusts as "modern bandits" the rich men at the board raised their eyes. His remarks were applauded. The Bishop's topic was "The Relation of the Material Prosperity of a People to Their Morality."

"My impression," Dr. Lawrence said, "is that there is an undertone of distrust at the increase of wealth. If the increase of material wealth tends toward the disintegration of character, our joy at the rise of stocks should be turned to mourning."

"I want to speak," he said, "of that which I believe to be the most imminent danger to the rights and liberties of the American people."

"I mean the recognition on the part of any man of the supposed privilege of great corporations, because they are great and their interests enormous, to deal with the public service or with their representatives in a way which is not recognized as honorable on the part of any private citizen."

"Civilization cannot go on where there is mutual suspicion, and prosperity cannot go on long while the people feel or think that the reverence for law by which property is safeguarded is not upheld."

Here are some of the men who listened to Bishop Lawrence. Their wealth ranges from \$5,000,000 to \$80,000,000: John Jacob Astor, Chas. R. Flint, Cornelius N. Bliss, Alexander E. Orr, Wm. E. Dodge, Jacob H. Schiff, J. Kennedy Tod, George J. Gould and J. Pierpont Morgan.

There were 400 diners at the banquet. Their combined wealth would probably exceed \$1,000,000,000.

## KEHOE'S MAJORITY.

The Official Figures Place It at 236 Instead of 135—The Vote in the Various Counties.

The County Election Commissioners of every county in the State except Fayette have reported to the Secretary of State. The returns from 118 counties give Bryan 230,810 votes and McKinley 221,826. The unofficial report from Fayette gives Bryan 4,279 and McKinley 5,306. This added to the official gives Bryan 235,089 and McKinley 227,132, a majority for Bryan of 7,957. The vote for Beckham in the 119 counties is given at 226,001 and for Yerkes at 221,625.

The returns received Tuesday complete two more Congressional districts, the Sixth and the Ninth. In the first-named Gooch received 22,572 votes and Shaw 16,857, a majority for Gooch of 5,715. In the Ninth district Kehoe received 23,197 votes and Pugh 22,961, a majority for Kehoe of 236. The official vote in this district follows:

County.	Kehoe.	Pugh.
Bath.....	1,833	1,658
Bracken.....	1,867	1,315
Boyd.....	1,529	1,969
Carter.....	1,718	2,434
Fleming.....	2,187	2,109
Greenup.....	1,430	1,981
Harrison.....	2,788	1,837
Lawrence.....	1,949	2,045
Lewis.....	1,548	2,536
Mason.....	2,985	2,419
Nicholas.....	1,866	1,266
Robertson.....	714	487
Rowan.....	783	905
Totals.....	23,197	22,961
Kehoe's majority.....	236	

In the figures published by the BULLETIN last Saturday, Judge Pugh's majority in Boyd County was reported at 540. But according to the official vote on file in the Secretary of State's office it is only 440. The majority in Harrison is 951 instead of 950. These corrections make Mr. Kehoe's majority 236 instead of 135 as heretofore reported.

## TO BE DEPENDED ON.

Because it is the Experience of a Maysville Citizen and Can Readily be Investigated.

A stranger lost in a large city would place far more dependence on the directions given him by a local resident than the guidance of another stranger like himself. This is a natural consequence of experience; it's like a ship in a strange port—a trusty pilot familiar with the harbor is always called upon to bring her safely to her moorings. So it is with endorsement; we doubt the sayings of people living at distant points because we can't investigate, but public expression of local citizens can be depended on, for 'tis an easy matter to prove it. Evidence like the following is beyond dispute:

Mrs. R. R. Housh, of 594 Forest avenue, says: "Doan's Kidney Pills quickly relieved Mr. Housh of backache which had been a source of discomfort to him for some time. I procured the remedy at J. Jas. Wood & Son's drugstore, corner of West Second and Market streets, and its proven value is so great that it should be known throughout the world."

## PERPETUAL INJUNCTION

Granted Against the Coal Combine Known as the C. and O. Fuel Company.

Judge A. C. Thompson, in the United States Circuit Court Tuesday, at Cincinnati, made a final entry in the case of the United States against the C. and O. Fuel Company and others.

The defendants were indicted under the Sherman anti-trust law.

The entry, in accordance with the opinion handed down by Judge Thompson, declares the C. and O. Fuel Company to be illegal, and he orders that the combination be at once dissolved, and that each of the companies which formed the trust are perpetually enjoined from further operations under the contract.

An appeal will be taken.

## Millions Given Away.

It is certainly gratifying to the public to know of one concern which is not afraid to be generous. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over ten million trial bottles and have the satisfaction of knowing it has cured thousands of hopeless cases. Asthma, bronchitis, la grippe and all throat, chest and lung diseases are surely cured by it. Call on J. Jas. Wood & Son, druggists, and get free a trial bottle. Regular size 50 cents and \$1. Every bottle guaranteed.

The Postoffice Department has issued an order removing Mrs. N. G. Bosley, a clerk in the Paris postoffice. On October 29 last a Postoffice Inspector examined the office at Paris, and reported to the department that the clerk, the wife of the present postmaster, Mr. John L. Bosley, was inefficient, in that she was only able to issue and pay money orders, not being competent to keep the books or to attend to the general work of the office. This action was taken by the mail and allowance division, the report not having yet reached the Fourth Assistant Postmaster General.

## THE DIXON SUIT.

The C. and O. Loses a Big Suit Taken Up From Boyd County—Judgment For \$10,000 Affirmed.

The U. S. Supreme Court, Justices Harlan and Shiras dissenting, has handed down a decision affirming the decision of the Kentucky Court of Appeals in the case of the Chesapeake and Ohio Railroad Company vs. Lucy Dixon.

Alexander Dixon, the husband of Lucy Dixon, while crossing the track of the C. and O. railroad, within the corporate limits of Ashland, was run over and instantly killed by a passenger train. Mrs. Dixon sued on the ground of negligence on the part of the company and received a judgment against the railroad. James Andrew Scott appeared for Dixon and Wadsworth and Cochran for the railroad company.

The decision is an important one. It holds that where one or more of the defendants in an action is within the jurisdiction of the court, being a resident of the State, the case can not be removed by another defendant to the Federal Court. The plaintiff in the case in bringing the action made the engineer and fireman of the train by which Dixon was killed defendants along with the railroad company.

The judgment, which was rendered in the Boyd Circuit Court five years ago, is for \$10,000. Costs and interest will increase it several thousand dollars.

FOREMOST  
FOR  
HANDLING  
BETTER GOODS  
THAN

and that is the only reason we enjoy the trade we do.

We have long since learned that our people don't want cheap goods; they want good merchandise at reasonable prices, and that's what they get from us.

We can in truth say that frequently we are more particular in the fit of the Suit or Overcoat our customer buys than the purchaser. We let nothing leave the house that is not as perfect as human hands can make it, but it pays. The amount of goods we sell is the best evidence that our endeavors are appreciated.

The Stars of the Keystone Dramatic Company Wedded While in Maysville a Year Ago.

The coming of the Keystone Dramatic Company to the Washington Opera House for a two-night's engagement, commencing Friday, November 23rd, with a matinee Saturday afternoon, brings to mind that the talented stars, Miss Gertrude Shipman and Mr. Lawrence B. McGill, were married here when the Keystone played in this city a year ago, and they have been looking forward with pleasure to their return visit in this city. They come this season surrounded by an excellent company, numbering twenty capable people.

The opening play is Howard Hall's drama in five acts, "A Soldier of the Empire," in which Mr. McGill is seen as Gilbert de Montville, Captain of the Imperial Hussars, and Miss Shipman as Louise Devere.

The company carries a car-load of special scenery and effects, thus insuring first-class productions in every detail. Prices 10, 20 and 30 cents, and you should secure your seats at once, at Nelson's.

The New Public Library will be open to-morrow afternoon at the usual hours, and not all day.

Electric Bitters tones up the stomach, regulates liver, kidneys and bowels, purifies the blood, strengthens the nerves, hence cures all kinds of maladies. It builds up the entire system. Puts new life and vigor into any weak, sickly, run-down man or woman. Price 50 cents. Sold by J. Jas. Wood & Son, druggists.

## FOR MOTHERS.

The period immediately following child-birth is fraught with many dangers. The strength has been used in the painful ordeal through which the mother has passed and she finds herself helpless and weakened. Many mothers, like Mrs. Ford, date the beginning of their illness from the birth of their child. Indeed the frequent spectacle of a healthy young woman becoming a chronic invalid after motherhood is one of the tragedies of life. All this is unnecessary, when Wine of Cardui is obtainable. It rehabilitates the shattered nervous system, strengthens the organs and ligaments, and re-establishes a healthy, natural condition, saving years of chronic sickness and suffering. Wine of Cardui taken just before confinement will render the ordeal comparatively painless. It will re-enforce and strengthen the organs for their work. For every trying crisis in a woman's life, Wine of Cardui is the medicine to take. Ask your druggist for Wine of Cardui and take no substitute. If one is offered send \$1.00 for a bottle to the Chattanooga Medicine Company, Chattanooga, Tenn.

## WINE OF CARDUI

Clarkson, Ark., July 20, 1899.  
After my baby was born I took the whites and falling of the womb, and was in a very dangerous condition. I read one of your home treatment books, and commenced to treat myself with Wine of Cardui and Black-Draught. I am thankful for what the medicine did for me, and I am now in better health than I have been for a long time.  
Mrs. MARGARET FORD.
